**Job Title:** INSTRUMENTATION SERVICE TECH: EASTERN IOWA  
INSTRUMENTATION SERVICE TECH: KANSAS/MISSOURI

**Job Description:** **Primary Responsibilities will include:**

- 1) Providing instrumentation services including troubleshooting, configuration, installation, documentation, checkout, and commissioning of instrumentation and valves.
- 2) Providing 24 hour, 7 days a week telephone (pager) support and/or site support for clients.
- 3) Providing warranty support via phone and/or on site.
- 4) On-demand service work within a regional setting.
- 5) Planning and scheduling work with clients. Managing workload to maintain effectiveness and productivity.
- 6) Accurately documenting instrumentation service work and actively sharing instrumentation information with clients. Documentation will include work orders, billing worksheets, and timesheets.
- 7) Maintain instrument as-built documentation.
- 8) Providing or facilitating instrumentation training to customers and clients.
- 9) Visiting clients and potential client sites to promote Interstates' service offerings.
- 10) Performing other duties as assigned or required by supervisor.

**Great people for this position will have:**

- \*Engineering degree or Technical Degree or 2 to 5 years of related experience; experience in configuration, calibration, installation, application, specification, maintenance, electrical construction, and/or troubleshooting industrial instrumentation is valued.
- \*Good communication (verbal, written, listening) and team work skills
- \*A desire to work with great people in a casual, fun, growing company
- \*Ability to work independently without supervision out of a home office
- \*Valid driver's license and clean driving record

**Salary/Benefits:** Not given
