Job Title: MANUFACTURING MANAGER

Description: This is a full-time, management-level position reporting directly to the General Manager. This position is responsible for directing all production, maintenance, and quality control operations. Additional responsibilities include training and development of employees, regulatory compliance, compliance with safety policies and regulations, and budget management for all areas within the span of control. Bachelor's degree needed.

Job Requirements: Prior management experience is preferred. This position is responsible for managing production line supervisors and support staff on a day-to-day basis. Leadership and communication skills are essential as this position has a span of control over nearly 100 production and support staff employees.

Salary/Benefits: Salary negotiable

Application Procedure: Qualified applicants may apply online at our website: www.maintainerjobs.com or by sending a resume to our office in Sheldon.
Questions? Our Human Resources office can be reached via our toll-free phone number listed above.
