**Website:** [www.rgealgona.com](http://www.rgealgona.com)

**Job Titles:** GPS POSITION TECHNOLOGY SPECIALIST

**Description:** Reding's Gravel & Excavating is currently seeking a full-time GPS Position Technology Specialist.

**Role & Responsibilities:** Perform the following tasks on site grading, underground utility and other similar project types, with Trimble GPS and a Trimble Universal Total Station (UTS).

- Site setup and calibration
- Surveys and topographical mapping
- Stake and layout
- Grade checking/Quality control
- Machine setup and trouble shooting for motor graders, bulldozers, and excavators equipped with Trimble GPS Grade Control

Future advancement could include using Trimble Business Center (CAD) or other CAD programs to perform the following tasks.

- Build 3 Dimensional models for automated grading
- Perform quantity takeoffs for estimating and job production purposes

**Qualifications & Education Requirements**

- A minimum of a 2 year degree or 2 years past experience is preferred.

**Preferred Skills**

- A general understanding of computers is a must.
- A general understanding of civil construction is a must.

**Specific training on Trimble GPS & UTS WILL be provided, so prior experience on these systems will NOT be required.**

**Salary/Benefits:** Excellent benefit package is offered.

**Application Procedure:** Resumes accepted by: Fax or email listed above. For emails please put: GPS Position Technology Specialist in the Subject Line. Attention: John Reding  
Resumes may also be mailed to John Reding using the address listed above.
